

PRODUCT SPECIFICATION.

TINDAL.

**STEEL
BLUE**
100% COMFORT

617561 ▶

Description: 8 inch lace-up ankle boot with padded scalloped collar and tongue with industrial side zipper and closure tab. Low profile mako toe guard and heel counter.

Upper Materials: Cowhide water-resistant waxy leather and stitched with nylon thread. Non-Corrosive Lacing.

Toe Cap: 200J Composite Metal Free.

Lining Materials: This boot is lined with Spacer Mesh, which is a soft, non-abrasive, hydrophobic material that wicks perspiration away from the foot, enabling the skin to remain cool and dry.

Full Innersole: A full length footbed that is inserted into the footwear to offer additional support and comfort. This footbed is made from soft polyurethane that will retain its shape and thickness throughout the life of the boot.

Insole: Heavy-duty, flexible anti-bacterial non-woven insole.

Midsole: Directly moulded Polyurethane midsole for greater shock absorption. Penetration Resistant midsole.

Outsole: Antistatic Thermoplastic Urethane (TPU) outsole for superior wear properties. Heat resistant to 130°C.

Trisole™ Comfort Technology Soling System:

The Steel Blue soling system is a patented three density soling system that offers a high level of comfort, shock absorbency and energy return. The system uses PORON® as energy absorbing pads under the pressure points of the foot to give the wearer superior comfort and offers similar shock absorbency and comfort to sports footwear.

TINDAL (617561) FEATURES:
